## National Sign Company Expands Operations with New Manufacturing Facility in Florida

Lewisville, TX SSC Signs & Lighting, a leading provider of high-quality signage solutions, is proud to announce the opening of its new manufacturing facility in Orlando, Florida. The State-of-the-art facility will allow the company to expand its operations and better serve its customers throughout the US.

The new Facility is equipped with the latest technology and machinery, enabling SSC to manufacture a wide range of signage products, including customized signage for your branding needs. With a team of skilled professionals and a commitment to quality craftsmanship, SSC is poised to meet the growing demand for signage solutions in the US.

"We are thrilled to be opening our manufacturing facility in Florida, This expansion represents a significant investment in our company and our customers, and we look forward to providing them with the highest quality signage products and services."

The new Facility will also create jobs in the area, with SSC Signs & Lighting hiring skilled workers to operate the machinery and produce the signage products. In addition the company plans to work closely with local businesses and organizations to support the community and promote economic growth in the region.
